

## Course 2 – #10, 13

First, verify you have already signed up for our section.

- On My Dashboard, scroll to the bottom and check you already entered the Join Code of GVNXWR.
- Please make sure that your name is your initials & your ID number so I can figure out which is your account.

Complete #10 Bee: Debugging and #13 Bee: Conditionals.

- Enter: “I’m done” in the question box when you are finished.
- I will go and check code.org to verify.
- Make sure that you are logged in; otherwise your progress won’t be saved.

The screenshot shows the Code.org dashboard for Course 2. At the top, there's a header with the course name and a brief description: "Start with Course 2 for students who can read and have no prior programming experience. In this course students will create programs to solve problems and develop interactive games or stories they can share. Recommended for grades 2-5." Below the header, there are five small images: a cartoon character in a green hat, two real-life photos of young girls, a cartoon character holding a pencil, a photo of Bill Gates, and a cartoon fish. A "Try Now" button is visible. To the right of the images, the word "Assigned" is shown with a checkmark. The main area displays four lessons with their names and progress indicators:

Lesson Name	Progress
10. Bee: Debugging	1 2 3 4 5 6 7 8 9 10 11
11. Artist: Debugging	1 2 3 4 5 6 7 8 9 10 11 12
12. Conditionals	Unplugged Activity 1
13. Bee: Conditionals	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15

The first, third, and fourth rows are highlighted with a red border. The last row is also highlighted with a red border.
