

Flashing Emotions Assignment

- Make in TinkerCAD.
- Show your teacher when complete.

```
on button A pressed
repeat (4)
  do
    show icon [grid v]
    pause (200 ms)
    clear screen
    pause (200 ms)
end
```

A Scratch script titled "on button A pressed". It uses a "repeat (4)" loop. Inside the loop, it performs four actions: "show icon [grid v]", a 200ms pause, "clear screen", and another 200ms pause.

```
on button B pressed
repeat (4)
  do
    show icon [grid v]
    pause (200 ms)
    clear screen
    pause (200 ms)
end
```

A Scratch script titled "on button B pressed". It uses a "repeat (4)" loop. Inside the loop, it performs four actions: "show icon [grid v]", a 200ms pause, "clear screen", and another 200ms pause.
