

# A2: Xylophone

## Download the files you need

1.wav, 2.wav, 3.wav, 4.wav, ... 8.wav.

## Instructions

- This project is an extension of the Pat the Kitty project.
- Instead of one button, you need 8. Change their background colours and their text. Change their ids to be noteC, noteD, noteE and so on.
- This picture is from a slightly different program, but it is about what you want the App to look like.

Each button will have its own onEvent puzzle piece. Each one will play a different wav file.

## When it is working...

When you are done, here is some music to play:

Hot Crossed Buns: EDC EDC CCCC DDDD EDC

Mary had a little Lamb: EDC D EEE DDD EGG EDC D EEE EDD EDC

Frere Jacques: CDEC CDEC EFG EFG GAGFEC GAGFEC CGC CGC

Call Ms. Gorski over to check your program when it is done.
